

CAPITOL HILL MONTESSORI MIDDLE SCHOOL

A PLACE FOR ALL STUDENTS

At the Capitol Hill Montessori Middle School, students learn and grow under the guidance of engaging and inspiring classroom teachers and staff.

We adapt the DCPS curriculum in ways that thoughtfully support Montessori pedagogy and practices, ensuring our students receive a well-rounded education. We arm our students with the tools they need to succeed, now and forever.

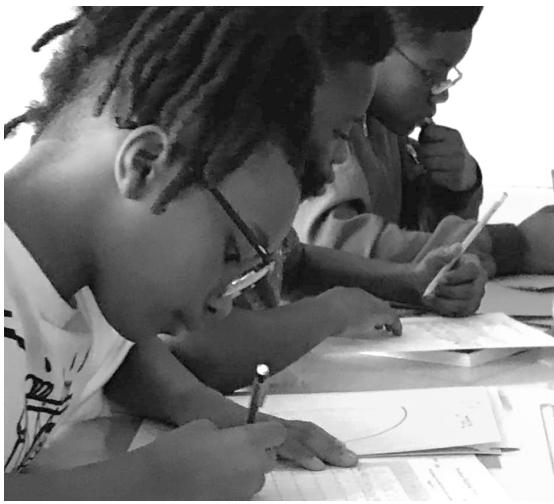

MAKING OUR MARK

Each school year, middle school students contribute to the school community. We have planted and sold produce from our gardens, hosted cafes, engaged in theater production – including set creation and performance, mentored younger students, and produced the school's morning announcements.

SUSTAINED SUCCESS

Each Spring, our middle school students graduate and go on to attend some of the most selective high schools in our city, including McKinley Tech, Benjamin Banneker, School Without Walls, and The Duke Ellington School of the Arts.

A BRIDGE TO SECONDARY EDUCATION

Middle School is an important transition between elementary school and high school. Students take content courses with content experts and are given the opportunity to study topics of personal interest on a deeper level.

OUR MISSION

We Educate The Whole Child For the Whole World

Our students believe in themselves and in others. Grounded in the power of social and emotional development and under the guidance of content specialists and a caring counseling team, they engage in deep learning while embodying an authentic and meaningful community.

- ✚ Our students partner with The American Chemical Society, the National Institutes of Health, The Anacostia Riverkeeper Organization, and The Smithsonian National Air and Space Museum to bring science to life.
- ✚ Through partnerships with The Embassy Adoption Program, The Shakespeare Theater, The Kennedy Center, and Arena Stage, we make connections between the humanities curricula and the broader cultural landscape of our city, country, and world.
- ✚ Our students are fully immersed in the arts. They create pieces of unique work that promote self-expression. Through music instruction, each student has the opportunity to learn to play the piano and several other wind and percussion instruments.
- ✚ Our counseling program provides every eighth grade student one-on-one support, lending unprecedented guidance in their transition from middle school to high school.

When Capitol Hill Montessori students enter ninth grade, they have been equipped with the tools necessary to continue to grow and develop, lift others, and to make a positive impact on the world.
